## ELECTIONS MONDAY NEXT

Nominations on Monday resulted as follows:

For council, three vacancies to be filled: R. Peresini, E. Morgan, W. A. Beby, W. L. Evans, John Danc and Marshall Hamilton. The first three mentioned are up for re-election.

For school trustees, three to be elected: R. W. H. Pinkney (for re-election), J. Krko, W. Peters, E. Blas, S. G. Funn and R. Oakes.

Elections will take place on Monday next.

## RELIEF COMMITTEE

Over \$310.00 was expended in January for relief in town, spread over about thirty families, as well as considerable clothing distributed by the Ladies' Auxiliary.

Good used clothing is very much needed, and any having such, please communicate with Mr. Tompkins or Mr. Thompson.

Any in need of relief, please make application to either Mr. Tompkins or Mr. Thompson, as each case is gone over by the committee on Wednesday of each week.

## ST. JOHN AMBULANCE ASSOCIATION BANQUET

The annual banquet of the local branch of the St. John Ambulance Association was held at the Cosmopolitan hotel last night, with an attendance of sixty.

The chair was occupied by Mr. Moses Johnson, district mines inspector. Speakers included: Dr. Goff, of Edmonton; Dr. R. Robinson, Bellevue; Dr. Stewart, Blairmore; Mr. L. E. Robert, Mr. H. Blake and Mr. M. H. Congdon.

A pleasing event of the evening was a presentation, made on behalf of the Association by Mr. Robert to Mr. Congdon, in recognition of his splendid and untiring services as instructor.

Following a vote of thanks to Professor James Smith for the splendid banquet served, the gathering dispersed with the singing of "Auld Lang Syne."

## BLAIRMORE PUBLIC LIBRARY

Books being placed on the shelves this week are:

"Isabel Carleton's Friends" by Ashmun; "Isabel" by Southworth; "A Debt of Honor," by Bindloss; "The Chief Legatee," by Green; "Saviours of Society," by McKenna; "The Cruise of the Endeavour," by Barbour; "Sahtaki and I," by Schultz; "Practical Guide to Fretwork, Wood Carving, Etc.," "Engineers Book of Reinforced Concrete," by Heidenreich.

Miners' Reference Library—The nucleus of a miners' reference library which has been selected by Mr. Congdon and purchased by the library board was placed on the shelves last week. This beginning will be added to from time to time and it is hoped that this department will become one of the most helpful services rendered by the library to the people of the district.

The following are the books selected by Mr. Congdon:

"Tutorial Land and Mine Surveying," by T. Bryson; "Mathematics of Ventilation, Pumping and Haulage," by F. Birks; "The Mining Education," by John Roberts; "Electric Engineering for Mining Students," by G. M. Harvey; "Colliery Electrical Engineering," by G. M. Harvey; "Practical Coal Mining," by G. L. Kerr; "Mine Gases and Gas Testing," by J. W. McTrusty.

The library hours are Tuesdays and Thursdays from 7 to 9 p.m. and Saturdays from 7 to 10 p.m. The fees are \$1.00 per year for residents and \$2.00 per year for non-residents.

It's got to be good to be advertised.

## ANNUAL MEETINGS

LARGELY ATTENDED

The annual meetings of the ratepayers of the Town of Blairmore and Blairmore School District No. 623 took place at the central school house on Friday night last and were well attended.

Mr. Robert Oakes was chosen chairman of the town meeting, which was called to order promptly at 8 p.m. with Mr. A. J. Kelly acting as secretary.

The auditor's report for the fiscal year ending December 31st, as contained in last week's issue of The Blairmore Enterprise, was submitted and considered. From all standpoints the report presented a very satisfactory state of affairs. Reports also from the mayor and members of the council of their stewardship for the term were gratifying. The waterworks department showed a net surplus of \$352.02 for the year, while the electric light and power department declared a net profit for the year of \$436.00. The per capita indebtedness of the town and school district, for an estimated population of 1809, was \$107, one of the lowest in Western Canada.

Following the Town meeting, Mr. Oakes was requested to continue as chairman for the school district meeting.

Reports were received from the auditor, secretary-treasurer, principal, teachers and inspectors, and all were of the satisfactory type. According to the reports, the school has a population of around 520 pupils, distributed in thirteen rooms, the average pupil being the low figure of \$5.70 for the year.

Following the passing of the various reports, Mr. C. J. Tompkins, on behalf of the ratepayers, expressed regret at Mr. Chappell's decision to leave from service as a board member. Mr. Chappell had been a member of the local board for upwards of seven years, during which period he had always manifested a keen interest in all matters pertaining to education and school.

The meeting adjourned at 10.30, when a vote of thanks was accorded Mr. Oakes as chairman.

## SILVER ANNIVERSARY

Honoring one of its most popular members, Mrs. J. E. Upton, on her twenty-fifth wedding anniversary, the I.O.D.E. entertained their husbands to a social evening at the home of Mrs. J. Warner on Thursday evening, January 28th. Mrs. Upton had been called to attend an emergency meeting of the I.O.D.E. and was taken completely by surprise. The room was daintily decorated with white streamers and white balls, while the dining table was centred with a beautiful three-tier wedding cake, decorated with silver balls and twenty-five candles, the work of Mrs. Harold Pinkney and Mrs. J. Pinkney.

After the guests had arrived, a mock wedding took place, much to the merriment of all, the parts being taken by the following: Mrs. Neville the bride; Mrs. W. Howe, the groom; Mrs. H. Pinkney, bridesmaid; Mrs. J. Patterson, groomsman; Mrs. Archer, the father; Mrs. Pinkney, Sr., flower girl; Mrs. S. Bannan, the minister, and Mesdames Maddison, Drain, J. Howe and Pilford, ribbon bearers. Mrs. Bond was the organist and during the signing of the register, Mrs. S. McKay sang very feelingly, "All That I Ask is Love." When everyone had recovered from this wedding service, several hands of court whist were played, the honors going to Mrs. Neville, Mr. Alf. McKay, Mr. and Mrs. Warner.

After supper, the regent, Mrs. W. Howe, in a few well chosen remarks, presented Mrs. Upton, on behalf of the officers and members of the I.O.D.E., with a beautiful silver and cut glass sandwich and olive plate. Mr. Upton on behalf of Mrs. Upton and

himself suitably replied. The evening closed with some dancing and singing. "For She's a Jolly Good Fellow."

## CROWS' NEST PASS

The Crows' Nest Pass was discovered in the latter states by a trapper, Michael Phillips, formerly in the employ of the Hudson's Bay Company.

The pass took its name from Crows' Nest Mountain, which is named Lodge des Corbeaux on one of the maps accompanying Palliser's report, 1855.

The original Cree name, of which these are translations, is Kak-ka-loo-wut-thistun. The pass was used for many years by the Mounted Police, who made a trail through it from the plains to British Columbia. Towards the end of the last century the Canadian Pacific Railway built its line through the pass.—Ex.

Some local parties should take consolation from the report that the government now requires winter shelter provided for all "pigs."

## Are We Over-Governed?

The current economic depression, and the resultant financial stringency, possibly the order of these two conditions should be reversed,—have led to the advancement of many suggestions and ideas having as their object the effecting of economies in national, provincial and municipal spheres of government and administration. Unquestionably, people generally are in a frame of mind to give that serious consideration to these matters which they deserve but which would have been denied to them a few years ago.

Mounting national, provincial and municipal debts, reacting adversely upon all individual and community business, is leading serious-minded men and women to realize that their must be a reduction in the costs of our governmental business, and that such reduction must be on a fairly large scale; that the mere lopping off of a few minor services, a percentage reduction in salaries, will not suffice; that, on the contrary, savings aggregating many millions of dollars annually must be effected.

The issue is one extending far beyond the bounds of partisan politics; rather it rests within the domain of higher politics, that is, it is a vital, integral part of the true science of government. As such it can and must be discussed openly, boldly, fearlessly, and to that discussion, and ultimate consideration of facts and proposals, every thinking man and woman should be patriotically inspired to make their contribution. It is their own business, their own future, as well as the business and future of their Dominion which is at stake.

Herbert Spencer once wrote: "The man who, expending his energies wholly on private matters, refuses to take part in public affairs, plunging himself on his vision in minding his own business, is blind to the fact that his own business is made possible only by the prosperity of all."

There are some people who still pride themselves on remaining aloof from all participation in public affairs. They even assume a superior attitude and treat with condescension those who take an active interest in community affairs, politics, and international relationships. But the trend of events in recent years has shattered the self-complacency of many of these individuals, and compelled them to recognize the truth of Herbert Spencer's dictum that the business, the success, the happiness, of the individual is made possible only to the extent that these things are enjoyed by all.

Even powerful nations which gloried in and boasted of their "splendid isolation," their indifference to the fate of other nations and peoples, and who regarded themselves as self-sufficient unto themselves, are being forced to alter their views and change their attitude. Geographically and in a physical sense the world may be just as big as it ever was, it may even be bigger in other respects, but it is very much smaller in so far as the relation of one nation to another is concerned. The factor of time in international communication has been almost annihilated by wireless, radio, the telephone, airmails, fast steamships, steam and electric railways, and automobiles. A man living 100 miles away is nearer to us than one only 10 miles away half a century ago.

We are conforming to these radical changes in many of our personal, business, economic and social relationships, but in many respects we have ignored them in the development of our governmental functions, adhering rather to systems and policies laid down in by-gone years and in an altogether differently constituted world. Only in recent years have people been awakening to this fact, and the difficulties with which all peoples and governments have been confronted within the last two or three years are forcing upon them the conclusion that it is high time that something was done to bring governmental institutions into harmony with the new era in which we are living.

Without assuming to say what ought to be done, and without attempting even the task of offering suggestions, the writer proposes in succeeding articles to discuss some of the suggestions that have been advanced in certain quarters. He proposes to do so with only one object in view, and that is to encourage readers of this column to give consideration to these matters, to think them over, to study them, to discuss them with friends and neighbors; in a word, to assist in creating and developing a live public opinion in relation to the whole subject of our legislative and administrative machinery, that is, our entire governmental structure and the effect of it, as it exists, upon what are at present regarded as essential revenues and expenditures, involving not only present but the ever steadily increasing taxation of the individual.

## Association Of Canadian Clubs

Annual Meeting Will Be Held At Regina In August

The annual convention of the Association of Canadian Clubs will be held at Regina, Saskatchewan, this year, August 29, 30 and 31. It was decided at a meeting of the central executive held at Ottawa.

The resignation of Graham Spry, national secretary, was accepted, and Mrs. P. A. Wheeler, assistant secretary, will be in charge of the headquarters at Ottawa until a successor is appointed at the Regina convention. Tribute to Mr. Spry's work as secretary was paid by Prof. R. C. Wallace, of Edmonton, president of the association, and other members of the executive.

Scientists have found what they believe to be the tomb of the famous poet Ovid on the site of the old Grecian city of Tomis.

If you trust to luck for anything you will be lucky if you get it.

## Her Heart Was So Bad Couldn't Do Housework

Mrs. R. Dragoon, R.R. 2, Midland, Ont., writes:—"I had been troubled with heart trouble for many years. My heart would beat so fast I could hardly breathe, and I had headaches, and dizzy and fainting spells."

I couldn't get my housework done I was so weak. I took three boxes of Milburn's Heart and Nerve Pills and felt much better, and now I would not be without them in the house."

Price 50c a box

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

## Not Enough For One

Smallest Christmas Pudding Was Only Inch In Diameter

The smallest Christmas pudding in the world, made entirely of Empire produce and weighing less than 1/4 ounce, was exhibited side by side with a mammoth 16-ton plum pudding at the Royal Albert Hall, Kensington, S.W., London, England.

It was one inch in diameter and weighed 196 grains, and was specially made for the Christmas market in aid of the People's Dispensary for the Sick Animals of the Poor, by Miss Lily Dalton, who required the assistance of a mathematician and a chemist to work out and weigh the various ingredients. "It was made," she said, "from a recipe handed on to me by my grandmother. The 13 ingredients had to be chopped many times before they were sufficiently fine."

## Close London Office

Office Of Alberta Agent-General May Be Closed As Economy Measure

Office of the Alberta Agent-General in London, England, will be closed as an economy measure, it is understood.

The office was opened in 1913 and Hon. Herbert Greenfield, former Attorney-General, was in charge for four years, retiring in March, 1931. Hugh M. Baker, Mr. Greenfield's secretary, has been in charge of the office since.

It is estimated here that elimination of the office will save the Alberta Government approximately \$20,000 annually.

## Acids In Stomach Cause Indigestion

Create Sourness, Gas and Pain. How To Treat.

Medical authorities state that nearly nine-tenths of all cases of stomach trouble, indigestion, sourness, burning, gas, flatulence, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do more harm than good. Try laying aside all digestive aids and eat only the most digestible food. Water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness. In powder or tablet form—never liquid (in milk). It has no taste, is most inexpensive to take and is the most effective of all stomach remedies. It is the secret of many a cure. It is the secret of many a cure. It is the secret of many a cure.

## Expedition To Antarctic

H. G. Watkins, Youthful Leader Plans Venture Next Fall

It was announced in London, England, recently, that H. G. Watkins, youthful leader of last year's Greenland expedition party, would head an expedition into the Antarctic next fall.

The expedition, which will sail in the early autumn, will attempt to cross the Antarctic from Weddell Sea to Ross Sea and map the southwest coast of Weddell Sea.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the poison out, will take the ache out of a bruise by counteracting the inflammation. A trial will convince any who doubt its power.

## A Chinese Artist

Has Picture Accepted For Exhibition At Ottawa Art Show

Yee Bon, 26-year-old Chinese of Toronto, is "very glad." One of his canvases has been accepted for exhibition at the National gallery art show in Ottawa. He is the first Chinese to have a picture accepted. He was born in Canton and came to Canada in 1919. Five years ago he entered the Winnipeg Art School and later moved to Toronto, studying at the Ontario College of Art.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

"What is an optimist?" "A man who doesn't mind what happens so long as it doesn't happen to him."

Caracul sheep, native to Asia, now are raised in Germany, France and Switzerland, and Italy is experimenting with them.

The sodium-vapo lamp is the most efficient artificial light source.

W. N. U. 1927

## CHILD need REGULATING?

CASTORIA WILL

DO IT!

When your child needs regulating, remember this: the organs of babies and children are delicate. Little ailments must be gently urged—never forced. That's why Castoria is used by so many doctors and mothers. It is specially made for children's ailments; contains no harsh, harmful drugs, no narcotics. You can safely give it to young infants for colic pains. Yet it is an equally effective regulator for older children. The next time your child has a little cold or fever, or a digestive upset, give him the help of Castoria, the children's own remedy. Genuine Castoria always has the name:

CASTORIA  
CHILDREN CRY FOR IT

## Depression In Retreat

Roger Babson Says Trade Trend Is Now Turning Upward

Roger W. Babson, economist and statistician, who predicted the stock market break of 1929, now says in a prepared statement.

"The depression is in retreat. The Babson chart, which was the basis for my forecast of the market break in 1929, is now with equal positive signs indicating that we have seen the trough of the depression of 1930-32, and that the present year will show an irregular movement toward higher levels.

"The chart is now turning upwards for the first time in more than two years, except for the temporary rally of last spring. For some years to come I do not expect to see the Babson chart below the depth reached last November. Of course, this does not mean any share in back to normal conditions, but it does indicate the depression is in retreat. The long-range outlook is that fundamentally better times are now definitely assured."

Attacked By Asthma. The first fearful sensation is of suffocation, which hour by hour becomes more desperate and hopeless. To such a case the relief afforded by Dr. J. D. Kellogg's Asthma Remedy seems to come less than miraculous. Its help is quickly apparent and soon the dreadful attack is mastered. The asthmatic who has found out the dependability of this sterling remedy will never be without it. It is sold everywhere.

## Planning "Eat Fish" Campaign

Maritimes Have Scheme Which Will Be Aid To Fishermen

A.H. Brittain, president of the Canadian Fisheries Association, with Captain Frederick, Willem Vulliamy, and the two heads of the Fishermen's Federation of the Maritimes, President Alf. Hanlan, and Vice-President Burke, went to Ottawa recently for an interview with Hon. E. N. Rhodes, Fisheries Minister, to discuss a nation-wide "eat fish" campaign. "If we could consume 10 more pounds per capita a year," Mr. Brittain said, "we should then consume 100,000,000 pounds more fish a year, and raise our per capita consumption from 22 to 32 pounds of fish per year."

"The fishermen are our best buyers of made-in-Canada goods," said Mr. Brittain. "They do not buy imported Paris perfumes. They buy heavy Canadian woolsens, Canadian groceries, Canadian manufactured articles. We can help no better class of people than the fisher folk."

## B.C. Salmon Pack

Reacting to business conditions the world over during the past year, British Columbia canned salmon industry shows the lowest pack in ten years, according to figures compiled by the canned salmon section of the Canadian Manufacturers' Association and released recently.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Expeller has proved a boon to suffering children everywhere. It seldom fails.

Among the birds that have longer lifetime than man's three score years, and ten are the parrot, the raven, the goose, the swan, and the falcon.

Northern Rhodesia is preparing to move its capital from Livingstone to Lusaka.

## Gandhi Lost Great Chance

Art Of Compromising Would Have Made Him Leader Of All India

Mahatma Gandhi might have been the leader of a powerful United Indian Nationalist Party if he had used different tactics at the Round Table Conference, declared Sir Hon. Srinavasa Sastry, one of India's greatest statesmen in the Indian Review.

Mr. Sastry, who is a former member of the Viceroy's Legislative Council, and has represented India at many Imperial and international gatherings, declared: "If ever the art of compromise was needed in human affairs it was when British, Hindu, Moslem, Sikh, Christian and Untouchable met one another at St. James's Palace, but Gandhi remained unbending to the end."

"This is why, from his standpoint, the conference failed. This is why the communal problem went unsolved. To enunciate principles, to fight for ideals, to make propaganda—these are high duties requiring rare ability—but when agitation has come to a head it is no ignoble part to make the most of the occasion and get the people some return for their sufferings."

## Invented Differential Gear

Alexander Gallinger Failed To Get Patent

Alexander Gallinger, 87, inventor of a differential gear, is dead at his farm home Oshkosh, Wisconsin. In 1877, Gallinger and John Morse, owner of a foundry there, built a tractor which employed the differential principle. They drove it from Green Bay to Madison to claim a \$5,000 award offered by the legislature for demonstrating the invention's practicability. Gallinger failed to patent his invention and consequently never earned anything from it, outside the legislature's award. The differential later came to be an important part of the automobile.

Gallinger was born in Gallings-town, Ontario, in 1844, and went to Oshkosh at the age of 18.

## An Original Idea

In the course of a speech to an education authority a lecturer stated that the best story of an examination he had heard was the following. At the end of an examination the master gathered up all the papers, among which he discovered one sheet which, instead of being covered with historical names and dates, bore merely a crude drawing of a tomb-stone on which was written, "Sacred to the memory which always deserts me on occasions like this."

"All-copper" houses are an innovation in the construction industry in Germany.

A remarkably durable floor covering is now made of leather, cut into squares and laid like tile.

A pet taken in December is worth three taken in pre-season.

Athletic sports are becoming popular in practically every city of China.

## "FATIGUE?"

I just postpone it!"

"No, I don't have 'nerves.' You can't have them, and thought this sort of position. My head used to throb around three o'clock, and certain days, of course, were worse than others."

"Then I learned to rely on Aspirin." "The sure cure for any headache is rest. But sometimes we must postpone it. That's when Aspirin saves the day. Two tablets, and the nagging pain is gone until you are home. And once you are comfortable the pain seldom returns."

Keep Aspirin handy. Don't put it away, or put off taking it. Fighting a headache to finish the day may be heroic, but it is also a little fool. So is sacrificing a night's sleep because you've an annoying cold, or irritated throat, or grumbling tooth, neuralgia, neuritis. These tablets always relieve. They don't depress the heart, and may be taken freely. That is medical opinion. It is a fact established by the last twenty years of medical practice.

The only caution to be observed is when you are buying Aspirin. Don't take a substitute because it will not act the same. Aspirin is made in Canada.

## EDMONTON PLANS DEPORTATION OF RELIEF CHARGES

Edmonton, Alberta.—Wholesale deportation of all foreign immigrants who have become a charge on this city in less than five years' residence in Canada has been launched by the city relief department, Thomas Magee, superintendent, has stated.

It is estimated that nearly 50 per cent. of those now drawing relief from the city are fit subjects for deportation, and Mr. Magee declared that active steps are being taken to deport as many as possible.

Mr. Magee declared that his department had already made application for the deportation of between 300 and 400 relief cases, and this number was being increased daily.

Many British immigrants in addition to hundreds from central European countries, who have resided in Canada for less than five years, have become public charges and accordingly, under federal law, are liable for deportation.

Mr. Magee and his assistant, Frank Drayton, explained that deportation proceedings constituted a cumbersome process. All applications for deportation must be filed with the Federal Immigration Department in Edmonton, and are then forwarded to Ottawa. Fully three months are required to complete the deportation of any case.

Mr. Magee was unable to state the exact number that had actually been deported to date, but declared that deportation efforts of his department were meeting with great success.

"We are deporting indigent immigrants as fast as we can at the present time, and will pursue this policy vigorously," Mr. Drayton declared.

## World Is Expecting Much From Geneva

British Labor Leader Hopes Expectations Will Be Realized

London, England.—Rt. Hon. Arthur Henderson, British Foreign Party Leader, and former Foreign Secretary, has gone to Geneva, Switzerland, to preside at the World Disarmament Conference.

"The world is expecting much from Geneva," Mr. Henderson said, "and I am hopeful that these expectations will not be disappointed."

Headed by Sir George Perley, the Canadian delegation to the World Disarmament Conference at Geneva arrived at Cherbourg.

## France Wants Support From United States

Without Their Aid Reparations Problem Cannot Be Solved

Paris, France.—France is determined to pursue negotiations with Great Britain on the reparations problem and is optimistically convinced some arrangement will be devised eventually.

France is desirous of treating the entire problem in an accommodating spirit, but with a full belief no real solution can be formulated unless the United States comes into the picture effectively and becomes an integral part of the reparations cycle.

## Makes New Swimming Record

Boy Swims Five and Half Miles In University Pool

Saskatoon, Sask.—Swimming 652 lengths of the University of Saskatchewan swimming pool, William Craven, Emmanuel College student, beat the Saskatchewan record for a fresh water swimming pool. The previous record, Joe Griffiths reports, was that of Leslie Skinner, of the College of Medicine, made in 1929. As the pool is 46 feet in length the distance would be over five and a half miles. Craven was in the water from 7:15 to 11:35.

## No Police Change In B.C.

Victoria, B.C.—The British Columbia Government has not been approached on the question of the taking over of provincial police services in Canada by the Royal Canadian Mounted Police, and such a move, insofar as this province is concerned, has never been entertained, it was stated here by Hon. R. H. Pooley, Attorney-General.

## France Is Militant

Paris, France.—The naval affairs committee of the Chamber of Deputies, by a vote of 16 to 10, went on record as favoring the immediate construction of a 26,000-ton battle cruiser as the "French answer to Germany's 'pocket battleships'."

W. N. U. 1227

## Plans Another Polar Trip

Sir Hubert Wilkins May Build Special Type Of Submarine For Purpose

Victoria, B.C.—In a new type of submarine, differing from any undersea boat yet designed, Sir Hubert Wilkins, Australian explorer, plans to make another expedition next year under North Polar ice.

"I may take a holiday over the Antarctic in the fall and am also considering another submarine expedition under North Polar ice the following summer," he said.

"For my next under-ice expedition," said Sir Hubert, "I have in mind the building of a special type of submarine which will be hydraulically propelled. In 1925, I discussed with Vickers engineers a type of submarine which would be suitable for exploration work under Polar ice."

He did not know where his new submarine would be built. Compressed air, he said, would be used for the propulsion of the undersea boat, in place of batteries. It would not be designed for quick dives. The submarine would have plenty of power, but would be geared for slow speed, as speedy submarines are not necessary for exploration work.

"I propose to eliminate divers and possibly external propellers," he said.

Sir Hubert estimated the cost of the new vessel at anywhere from \$150,000 to \$200,000.

## Depression and Apathy

Prince Of Wales Pins Faith On the Younger Generation

London, England.—Depression and apathy are the devil's own, the Prince of Wales told 10,000 boys and girls in Albert Hall at a meeting arranged by the National Council for Social Service.

"They're not English," he cried, "away with them!" and the roof rang with cheers.

"Emerson said a good many years ago, that the Englishman is the one who stands firmest in his shoes," said the Prince, "and I know this is true of the rising generation of today."

"So far as I am concerned, many paths in life are closed to me. Much that I would like to do I cannot, but I have tried to bring the people of the Empire closer together. I have had my failures, I know, but in these years, with few precedents to guide us, to have had no failure is to have attempted nothing."

"There is danger that some people are getting too used to the present critical situation," he said.

"It's no use waiting for that doubtful thing of a good time coming. We have got to fight, and here I pin my faith to the younger generation to keep England 'a bulwark' for the cause of men, to keep our great heritage in trust for those who come after."

## Fast Mail Planes Ordered

Britain Hopes To Double Speed Of Mail Delivery

London, England.—The air ministry has announced plans whereby it hopes to double the speed of air-mail delivery on all Empire sky routes.

The ministry placed an order with Boulton and Paul, Ltd., builders of the famous Royal Air Force high speed bombers, for a new type of all-metal plane capable of a cruising speed of 200 miles an hour and a service ceiling of 12,000 feet.

The machine, it was said, would be the forerunner of a fleet of similar craft which would carry two pilots and 1,000 pounds of mail. Each machine would have a cruising radius of 1,000 miles with full load.

## Police Make Seizure

Montreal, Que.—More than 1,000,000 lottery tickets were seized here when provincial police descended upon a printing plant. No arrests were made but officers took printing plates to police headquarters pending further investigation. About 20 men were busy running the presses when authorities entered the plant.

## Favors Government Union

Ottawa, Ont.—Commenting on his proposed plans for unification of governments in the three prairie provinces, Premier Bracken, here on official business, said his idea has met with a certain amount of success and that Premier Anderson and Brownlee have expressed willingness to consider the matter.

## Old 'Mountie' Officer Dead

Atlanta, Ga.—Colonel Joseph V. Beggs, retired officer of the Royal Canadian Mounted Police, and wartime commander of a Canadian artillery regiment, died here January 26. Colonel Beggs who had lived here for the past three years was 70 years old and had been in failing health for some time.

## Receive Life Sentences

Two Bengali School Girls To Be Transported Following Conviction On Murder Charge

Calcutta, India.—Wearing red saris and with their hair adorned with lotus flowers, Miss Santi Ghose and Miss Suniti Chowdhury, Bengali school girls, were sentenced to "transportation for life" for the murder of Magistrate C. G. B. Stevens.

As it no longer is the policy of the government to send prisoners outside of India, it was believed the two girls would be exiled to some province out of Bengal where they would be held in restraint.

When the terms of their sentence were translated to them they seemed indifferent.

Life sentences carry remission amounting to two months yearly for good conduct, so the girls may be expected to be imprisoned for about 16 years. They probably will be nurses or clerical assistants, although their sentence theoretically calls for hard labour.

## SAYS JAPANESE AIM DOMINATION OF THE PACIFIC

Shanghai, China.—The Chinese authorities of Shanghai prepared the way for capitulation to the Japanese ultimatum that they suppress anti-Japanese agitators and boycotters. Japan now has 24 ships of war in the Whangpo River off the city.

Chinese forces said the municipal government had ordered the Bureau of Public Safety to close the local branch of the National Salvation Society, one of the leaders in the boycott movement.

This decision was reached after new formal demands were made by Japan.

While the negotiations were going on 2,400 British and United States marines prepared to take over the defences of the international settlement, and about 10,000 Chinese troops took up positions.

Eugene Chen, who recently resigned as China's Foreign Minister, declared the Japanese policy toward China eventually would mean war between Japan and the United States. Tokyo, he said, was determined to master the Pacific, and to achieve that aim conflict with the United States was inevitable.

First, he asserted, Japan looks to unconditional annexation of Manchuria, from which she can dominate the entire Asiatic mainland, and then to the conquest of Australia.

These steps, he said, are being carried out by the medieval-minded military abogues in the form of a general staff which is the real government of Japan.

"Men of this type planned the China-Japanese and Russo-Japanese wars," said Dr. Chen, "now they see Japan dominating all Asia, including Australia."

"Between her and this goal stands the United States. Therefore, she goes to war. While other nations disarm, she arms. Manchuria is but a preparatory step for her greatest conflict in which she hopes to banish forever the influence of western nations in the Pacific Ocean."

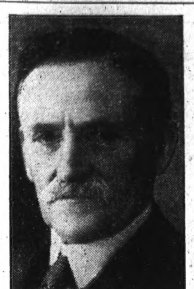

The Chinese made extensive preparations to repel a possible invasion. Military patrols were established outside the city so that both the foreign settlement and the Chinese sections were completely surrounded.

## TAKE OVER CANADIAN PREVENTIVE SERVICE

Commander Hoss (left), head of the Naval Branch of the Department of National Defence, and Major-General James H. MacBrien (right), Chief Commissioner of the Royal Canadian Mounted Police, who will direct Canadian preventive work both on sea and land, according to reports from Government officials. Previously the highly responsible work of preventing frauds against the revenue on the high seas and in remote parts of the Dominion was carried on by the Department of National Revenue, and the change has been made in order to make the preventive work more effective and more economic.

## LEADER RESIGNS

Hon. W. B. Willoughby, Government Leader of the Upper Chamber at Ottawa, who has been forced to resign because of ill health.

## Trouble In India

Lord Irwin Says Responsibility Lies With Nationalist Congress Party

Leeds, England.—Lord Irwin, former viceroy of India, said in a speech here that responsibility for the present trouble in India lies with the Nationalist Congress Party.

"I think there is little doubt that Mr. Gandhi did not want this condition to arise," he said, "but I believe that while he was in this country for the Round Table Conference some of his lieutenants in India created a situation which he could not control when he got home."

"If I had been in India as viceroy I don't think I should have acted any differently than Lord Willingdon has done."

## World's Champion Hen Dead

Lady Victorine Became Famous Through Record Egg Production

Saskatoon, Sask.—Her record of production standing at 694 eggs in her brief existence of four years—Lady Victorine, world's champion hen, died in one of the poultry houses at the University of Saskatchewan.

During her pullet year Lady Victorine surpassed all previous records by laying 358 eggs in 365 days. In her second year she laid 210 eggs; in the third, 111, and this year she managed to have 15 in the trap nest.

## Free To Make Agreements

British Government Entering Imperial Conference Entirely Unfettered

London, England.—The British Government will enter the Imperial Economic Conference at Ottawa, free and unfettered; no prior commitments will be made with foreign countries which might prejudice free discussion and possible trade agreements at Ottawa.

July 21 and 22 are two of the dates which are being rumored for the opening of the Imperial Economic Conference.

## King Of Timber Wolves Captured

Sudbury, Ont.—The king of all timber wolves near Newville is no more. Osgood Seguin, a farmer there, now has his pet, more than seven feet in length. Seguin snared the animal, but he was lucky for around the wolf's neck were two old snarers it had previously broken in defiance of all the wolf-hunting equipment that the Ontario Government has been able to procure.

## Appointment Of New Minister Of Finance

Rumor States Hon. Edgar Rhodes Will Take Office

Ottawa, Ont.—Hon. Edgar N. Rhodes will be Minister of Finance when parliament opens. Prime Minister R. B. Bennett intends to relinquish the duties of that department shortly; and Mr. Rhodes will then be sworn in. Intimation to this effect is made in highest circles. For the early part, if not the whole of the session, Mr. Rhodes will retain also the administration of the Department of Fisheries.

Hon. W. A. Gordon, Minister of Immigration and Mines, will very probably take over the portfolio of Minister of Labor. This is dependent on the condition of health of Hon. Gideon Robertson, now in the West Indies, recuperating from his recent illness.

While there is vague rumor of one possible other change, there is no indication of anything decisive. If this further change takes place, and it does not seem very likely at the moment, the portfolio of Ministry of Fisheries would be available for the shuffle.

## To Overcome Drouth

Need For Outlay Of \$300,000,000 To Grow Trees On Prairies

Montreal, Que.—There is an urgent need for an outlay of \$300,000,000 to grow trees on the prairie provinces within the next few years in order to save western farmers from further drouth loss. R. O. Swezey, retiring president of the Canadian Forestry Association, told the convention of that body here.

Agriculture is dependent upon the forests, Mr. Swezey said, and the great drouth in southern Saskatchewan would not have occurred if there were ample forest cover across the agricultural area of the west.

Mixed farming on the prairies is hopeless without trees, he said, and artificial means ought to be employed at once to grow trees. After sufficient trees have been grown by aid of irrigation, the natural moisture will be maintained with artificial means.

The cost of irrigating the dry belts of the west, planting trees, developing power and pumping water would not exceed the losses of two such dry years as the year 1931, Mr. Swezey declared.

## NATIONAL POLICY FOR RETAINING BEST BRAINS HERE

Vancouver, B.C.—An appeal to industry to encourage the use of Canadian materials and to stop the flow of the best brains among the youth of Canada to foreign countries was made by Dr. H. M. Tury, president of the National Research Council of Canada, addressing the Canadian Construction Association Annual Convention here.

More than 10 delegates from points as far apart as St. John, N.B., and about 200 delegates from British Columbia centres heard Dr. Tury's appeal for support for the youth of the nation engaged in scientific research.

"A national policy is needed to keep the young men of Canada at home," he said. "The time will come when it will be only necessary to tell the governments of the provinces that should be encouraged to stay at home, and it will no longer be a question of cost. We have got to learn the value of good men. We must use the first class brains of the nation, for a nation that uses only the third and fourth class can't expect to be anything more than a third or fourth class nation."

No nation is doing more today to encourage scientific investigation in co-operation with industry than Great Britain, Dr. Tury said. "And we will find that when this depression is over that Great Britain will come out on top. I only hope that we can keep pace with her," he said.

Foundation of national research councils throughout the British Empire, he said, was the outcome of Britain's efforts to restore the fundamentals of industry. Before the councils were formed, Dr. Tury said, no nation in the world did less to encourage scientific research in its relationship to industry than Great Britain.

He cited instances to show that most of the scientific institutions in the United States today were guided by Canadians, who had emigrated to that country to complete their education.

## U. S. CONSIDERS BOYCOTT ON JAPANESE GOODS

Washington.—Joint economic pressure on Japan to halt its invasion of China is being considered by the United States and Great Britain, it was learned here.

The possibility of imposing a boycott upon Japan has been discussed informally with Great Britain whose attitude has not been made known. The efficacy of such a boycott would depend largely upon her co-operation.

Another alternative would be an embargo prohibiting importation of Japanese goods. This move, however, would require an act of congress whereas a boycott could be accomplished without congressional sanction.

No provisions for such economic pressure are contained in any treaties to which the United States is a signatory power, but there is nothing in international law to prohibit such a move.

A boycott might take the form of restriction of passports to Japan and the co-operation of banking and business interests in restricting credit to and imports from that country.

Some letters have been received at the state department suggesting an embargo on Japanese silk. Chairman William E. Borah of the senate foreign relations committee refused to comment on the proposed boycott, asserting he would withhold comment until such action was called to the attention of the senate. Several months ago, however, when the League of Nations was discussing the possibility of joint economic action in the Manchurian situation Borah said publicly:

"A boycott would lead to war."

## Asks For Explanation

United States Wants To Know What Japan Purposes To Do At Shanghai

Tokyo, Japan.—The United States Government asked for an explanation of just what Japan purposes to do in dealing with the controversy with the Chinese at Shanghai.

The inquiry, contained in a note from United States Secretary of State Henry Stimson, was accompanied with the assertion that Japan had no intention of aggravating the situation. A foreign office spokesman, commenting on press despatches rather than on the Stimson note itself, said the United States "seems unduly alarmed."

It was authoritatively said the Stimson note could not be considered as a protest. The communication pointed out, it was understood, that the United States had large commercial interests in Shanghai.

## Policy Of Economy

Hon. E. N. Rhodes Says Thrift Needed In Administration Of Public Affairs

Ottawa, Ont.—The way to prosperity can not be accomplished by generous hand-outs, Hon. E. N. Rhodes, Minister of Fisheries, declared in an address of welcome to the educational congress of the Ottawa branch of the Life Underwriters' Association of Canada.

"A strict policy of economy must apply to the federal, provincial and municipal governments. We can't lift ourselves by our financial bootstraps. We must soon revert to the good old doctrine of thrift."

## Fought For Twenty Years

Two North African Provinces Finally Conquered By Italy

Tripoli, Libya, Africa.—Over the desecrated fields of 2,000 rebel tribesmen and after 20 years of incessant warfare, Italy's banners float across the "spadell of sand" in North Africa known as the colonies of Tripoli and Cyrenaica. Marshall Badoglio, military governor of Libya, formally reported to the government that the provinces had been thoroughly pacified and occupied for the first time since Italian troops landed in 1912, when Turkey renounced her rights.

## Ex-Kaiser Seventy-Three

Berlin, Germany.—Former Kaiser Wilhelm II, now an exile at Doorn, Holland, was 73 years old January 27. The chief note taken here of what was once Germany's grandest holiday was in the National press, which devoted more space than usual to felicitating "His Majesty," referring to the need for a "firm hand" in Germany at the present moment and recalling the days of the empire.

## THE BLAIRMORE ENTERPRISE

Member C.W.N.A.

Office of Publication  
BLAIRMORE, ALBERTA

Subscriptions, to all parts of the Dominion, \$2.00 per annum; United States and Great Britain, \$2.50; Foreign, \$3.00, payable in advance. Business locals, 10c per line. Legal notices, 10c per line for first insertion; 12c per line for each subsequent insertion. Display advertising rates on application.

W. J. BARTLETT, PUBLISHER.

Blairmore, Alta., Thurs., Feb. 4, 1932

## RENEWING SUBSCRIPTIONS

This is a season of the year when a large number of subscriptions fall due.

We appreciate the promptitude with which many subscribers are sending in their renewals. Nothing cheers an Editor's heart more than to have subscriptions sent in promptly. It is the most delicate compliment that can be paid him.

Needless to say, promptness in renewing subscriptions is equally cheering to the business manager. While the individual subscription price may seem a small matter, when it is multiplied by hundreds it makes a lot of difference in financing, and every subscription sent in promptly reduces the task of bookkeeping.

So let us repeat, that prompt renewal of your subscription when it comes due will be sincerely appreciated.

## DISARMAMENT

In that masterful encyclical of a few months ago, "Nova Impendit," His Holiness Pope Pius blames much of the financial distress, today in the world, on the mad race in armaments. The Sovereign Pontiff is unquestionably as well versed in world affairs as any world statesman can be. To him every day of the year comes the learned churchmen of all lands and gladly they open their hearts and minds on the conditions prevailing in the countries from which they come. To the Pope, too, come the diplomats and statesmen of every far-flung nation, and they in turn are not afraid to speak with utmost candor to him who is concerned, not with the interests of any one nation, but with the general good of mankind. His Holiness is therefore in a unique position of advantage in so far as being able to become conversant with world affairs is concerned.

In the encyclical "Nova Impendit," Pope Pius speaks of the "unbridled race for armaments" as being the "cause of withdrawing enormous sums from the public wealth," thus contributing to the present "extraordinary crisis."

In a few days the disarmament conference will be under way at Geneva. Our Canadian delegates sailed from New York on January 23, carrying with them the expressed desire and hope of a million Canadians who recently subscribed their names to a petition asking for world disarmament.

His Holiness Pope Pius has plainly seen the utter insanity of a "race in armaments," the great masses of the people, too, are loud in denunciation of what is patently absurd and foolish, the spending of millions in building up machinery for war; beyond question hastening this world on to disaster.

While it is easy, however, to advance arguments in favor of disarmament, yet, to bring this about is a problem that looks at this moment, indeed, insurmountable. National aspirations, international distrusts and jealousies, hatreds—all will stand athwart the road to a successful consummation to the efforts that are being put forward at the coming conference. —The Western Catholic.

## BANANAS FOR BABIES?

Like an alphabet read the distinctions which authorities attribute to the nutritious banana. They say this "tropical fruit" contains vitamin "A" as well as vitamin "B," and vitamin "C" as well as vitamin "D." One more, vitamin "G," is added to the

list. In addition, they claim that bananas, which arrive by millions in Dominion ships from the British West Indies, have much assimilable sugar, fats, proteins, carbohydrates, and starch. It is now claimed that a new banana-powder makes a good baby food and that it contains iron, which is more than can be said for cow's milk.

## DOUKS ARE HAVING TROUBLE

YORKTON, Sask., Feb. 1.—Pete Veregin, heavy-bearded chieftain of Canada's 15,000 or more orthodox Doukhobors, faces trial on a charge of attempting to dissuade a witness and a Doukhobor farmer, Peter P. Kabotoff, is in critical condition in hospital as aftermath of a court case here which ended Saturday.

Veregin was arrested immediately following the preliminary hearing of George Chutkoff for perjury, a which he was principal witness. He was later released on \$1,000 bail.

Kabotoff was found in the down town business section early this morning, his throat slashed. Police say Kabotoff tried to take his own life. He had a knife in his hand when found.

On the witness stand during hearing of the Chutkoff case last week, Veregin said he had accumulated \$720,000 since coming to Canada four years ago to lead the Doukhobor succeeding his father. He also said he was a Communist, but denied he received money from Moscow for the purpose of spreading red propaganda throughout Canada.

## THE NEWSPAPER CRITIC

When you hear a man finding fault with the local newspaper, open it up and ten to one you'll find he hasn't advertised in it; five to one he never gives it a job of printing; three to one he does not take the paper; two to one that if he is a subscriber he is a delinquent one; even odds he never does anything to help the publisher to run a good paper; and 40 to one he is the most eager to see the paper when it comes out and borrows it from his neighbors before they get time to read it.—Royaltou (Minn.) Banner.

Arthur Brisbane says: "The local newspaper, called the country newspaper, is ten to twenty times as valuable to the advertiser as the big metropolitan daily."

OLYMPIC HOCKEY TEAM  
—PREPARED FOR BATTLE—

Members of Canada's champion hockey team, the Winnipeg, are installed at Lake Placid, where they will carry the banner of the Maple Leaf on the Olympic battlefields and defend the unblemished escutcheon of Canadian hockeydom against the world. An immense crowd of hockey fans gathered to say "good luck" to the fifteen well-conditioned athletes when they left Winnipeg over Canadian National Railways for their invasion of the snow-mantled Adirondacks. The Canadian team will participate in a series of twelve games with entries from the United States, Germany and Poland. Each team will play each other team twice and the final game will be played on February 13th.

WESTERN FUEL AND TIE  
DEPARTMENTS COMBINED

With the retirement of J. B. Parkin, as the agent for the Canadian National Railways, western region, the offices of the fuel and tie departments have been combined with W. J. Sturges, Winnipeg, as regional fuel and tie agent. Mr. Sturges was formerly fuel agent, western region. Mr. Parkin was with the Canadian National Railways on the prairies for more than a score of years, during which time he held the various positions of chief tie inspector, district tie agent and regional tie agent.

Macleod's per capita indebtedness is placed at \$239 for an estimated population of 1800, and Hanna's \$36.82 for a population of 1180.

## BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services Sunday, February 7th, the pastor in charge.

11 a.m.—SENIOR SCHOOL.

2 p.m.—JUNIOR SCHOOL.

7:30 p.m.—PUBLIC WORSHIP.

A short but inspiring song service will be led by the Junior Choir at the opening of the service.

The minister's theme will be "Standing up for Jesus."

ST. LUKE'S, BLAIRMORE

A. S. Partington, Vicar

Services Sunday, February 7th:

Sunday school at 10 a.m. in the hall.

Holy Communion at 11 a.m. in the church.

Whist drive Tuesday, February 9th, in the hall at 8 p.m.

YES, WOMEN ARE PEOPLE

The women of the world are continuing to take not only more of an interest, but more of a hand in public affairs; and it cannot be put altogether for the good of the world.

A woman has been a member of the Canadian Senate for some years, and now a woman sits in the United States Senate by right of election.

The new constitution for Burma gives women equal rights with men. Peru's revised constitution is expected to include mandatory suffrage for men and optional suffrage for women.

South Africa is preparing to place women on the legislature ticket for the first time, while in Chile the women, without the right to vote, are to be the real electors of the new president. And here is perhaps the best news of all: the United States has appointed Miss Mary E. Woolley as a delegate to the Disarmament conference, and Great Britain has named Mrs. C. R. Ashby as a substitute delegate. "The last decade," says the Christian Science Monitor, "definitely raised the question: Are women people? The present decade is as definitely answering it: Rather!"—The New Outlook.

LOWEST PAID WORKER

IN THE WORLD

"She never earned any money—she lives on an Ohio farm, but she lives on almost every other farm. She is somebody's mother, maybe your own. She has earned nothing. No, but she has served 4,993 meals; she has made 1,123 garments, 32,000 loaves of bread, 5,300 cakes; 7,932 pies; 1,500 gallons of lard; she has grown 1,432 bushels of vegetables, and has raised 79,660 chickens; churned 5,430 pounds of butter; put up 3,625 jars of preserves; scrubbed 177,825 articles of laundry; and she has put in 35,839 hours of sweeping and washing and scrubbing. At accepted prices for this work it is worth \$115,430.20. She can't retire on her savings—she has kept on. Not earning. No! How do you define the ordinary woman's contributions to her family wealth?"—Ex.

Cheating the Peepers

An old maid want to have her picture taken and the photographer noticed her tying a piece of clothes line around the bottom of her skirt.

"What's the idea of that?" he asked. "I can't take your picture that way."

"You can't fool me, young man," said the old girl. "I know you see me upside down in that camera."

"You will need gas," said the dentist, "and that will be 26.64, extra."

"Gas 26.64? Oh, I'll just wait till the daylight."

## TO SCOTS IN CANADA

Let Ilka Scot in this Dominion,  
Who for his native country yearns,  
This day in fancy twine the laurel  
Around his brother, "Rabbie Burns."

In fancy sang ye back tae Ayr,  
And view the lovely humble cot,  
Where first the genius saw God's  
light.

And made it such an honored spot.

Just picture him, a rovin' lad,  
His hert sae licht and cheery,  
As thro' the glen, he gaed tae meet  
His ain kind and lovin' dairie.

Be with him in his drik, ead hour,  
In sympathy o' we him tarry;  
His mairt hert is rent and torn—  
Death snaps frae him his Highland Mary.

Death ne'er crushed a heart more  
sore,

Ne'er tramped down a heart more  
temper,

Ne'er changed man's aspect more  
complete

Nor wounded e'er a soul more kinder.

False friend nor hypocrite was he,  
For Duke or Earl he cared not;

(His earnest wish he penned fu' weel)  
That man lae man, the world over

Wad Brithers be wi' a' that.

Come, Brithers, sit aroon the table,  
Partake a hearty meal—

Pass roon the bannocks and the  
haggis

That Burns liked sae weel.

On Janwar' the twenty-fifth.

Let Ilka Scot be true and loyal—  
Sing lood the praise o' Rabbie Burns,

He, who lang syne was born in Kyle.

—Mrs. J. K. Adam in Drumheller Mail.

A BACHELOR'S COMMENT

ON HIS COMFORT

I am a stern old bachelor,

My age is forty-four;

I do declare I'll never live

With women any more.

I have a stove that's worth ten cents,

A table worth fifteen;

I cook my food in oyster shells

And keep the dishes clean.

When I come home quite late at night,

I smile and walk right in;

I never hear a voice yell out:

"I say, where have you been?"

On a cold and stormy winter's night

In my cosy little shack,

I sing my songs and think my thoughts

With no one to talk back.

At night when I'm in peaceful sleep,

My snores can do no harm;

I never have to walk the floor

With an infant in my arm.

I go to bed whenever I please,

I get up just the same;

I change my socks three times a year,

With no one to complain.

And when I die and go to heaven,

Where all old bachelors go,

I will not have to grieve for fear

The wife won't get there too.

For I'm a stern old bachelor,

From matrimony free;

I do intend to keep shy of

That wedding ceremony.

—Wm. James Shanks,

"Uncle Tom's Cabin,"

Cranbrook, B.C.

A local merchant, who doesn't advertise, reported a very dull afternoon last week. He said there were just two people came into his store.

One was Scotch and the other didn't spend anything either.

Plain Woman (wishing to have her portrait painted): "Do you guarantee satisfaction?"

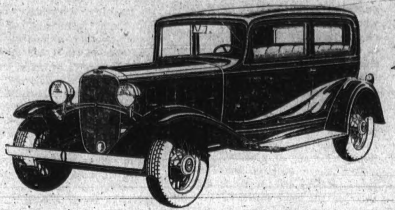

Artist: "No, madam. I only paint likenesses."

"Was that brute who struck his wife punished by the court?"

"No: when it came to the trial the woman wouldn't acknowledge herself beaten."

Look over the advertisements in this paper.

It is a great pleasure to have a ski resort in the heart of the Rockies.

## Here and There

Montreal with 996,000, Toronto with 627,532, Winnipeg with 277,587, and Vancouver with 246,507, show as the four largest cities of the Dominion on the Federal Government census returns for 1931.

Saskatchewan ranks second to Ontario as an egg-producing province with an estimated production last year of thirty million dozen eggs. Total value of poultry products to Canadian farmers in 1930 was \$30,000,000.

United States motor traffic to New Brunswick for the current season up to July 31 was 12 per cent. heavier than for the corresponding period of last year, according to a tabulation just issued by the Provincial Government Bureau of Information and Tourist Travel.

What is regarded as probably the highest park in the world is the National Park on Mount Revelstoke in the Canadian Rockies, on the main line of the Canadian Pacific trans-continental system. It covers an area of 100 square miles and is above the clouds. There is a new motor road to the summit of the mountain.

Evangeline Memorial Park, Nova Scotia, with its chapel and museum dedicated to the memory of the heroine of Longfellow's poem and of the Acadian pioneers, has been visited by more than 34,000 tourists since it was opened in 1924. It is announced from Dominion Atlantic Railway headquarters.

Steady development of young Canada's interest in farming has increased to the point where a Canadian Council on Boys' and Girls Club Work has been formed to co-ordinate the junior agricultural movement as a whole. The programme has been broadened to include practically every time and department of modern farming in Canada.

## District News

From Our Own Correspondents

### CORBIN HAPPENINGS

At a joint meeting of the Corbin Oddfellows and Rebekahs, held in the B. & B. hall on Thursday night last, the officers for the Oddfellows were installed, while the sister lodge had to postpone their installation on account of the unavoidable absence of some of the members. Mrs. Charles Joyce and Mrs. T. Bruce were taken in by the Rebekahs, after which the following I.O.O.F. officers were installed by District Deputy Grand Master R. Winstanley and suite from Michel, assisted by local members. The new officers are: John Donachie, N.G.; John Hamilton, V.G.; H. Elms, recording secretary; C. Joyce, financial secretary; P. Michuk, treasurer. After the installation ceremony, a delightful luncheon was served, followed by speeches, etc.

A very successful bridge drive was held by the Pythian Sisters in the B. & B. hall on Tuesday evening. After cards, a delicious supper was served by the sisters, following which prizes were distributed as follows: ladies first, Mrs. M. Gibson; consolation, Mrs. D. Waddington; gent's first, A. Sheppard; consolation, Taffy Thomas.

Harry Timchuk, who is well known in this camp, having been here for the past ten years, recently arrived home from Drumheller with his

bride.

Mr. and Mrs. Walter Sykes celebrated their rubber or eighth wedding anniversary on Saturday night last, by entertaining a number of invited guests at their home here.

Corbin can boast of some real honest-to-goodness hockey fans, when seven carloads of local citizens braved the below zero weather on a thirty-two mile drive to Coleman to witness a battle on skates between Fernie and Coleman. The thirty-two mile trip home was not very thrilling to some of the motorists.

The bottom of the thermometer must have dropped out when recordings read thirty-seven below zero on Sunday morning here, with an east wind blowing. Sixteen below was the coldest temperature recorded during the winter of 1930-31. This was experienced in November of 1930. From then on till spring, the temperature never sank beyond zero. This winter is much colder. Both Saturday and Sunday were extremely cold, with high winds and much drifting snow. The main highway has been badly drifted in, and the first trail breakers on these respective days had a hard time making it through to Corbin.

### HILLCREST HAPPENINGS

G. E. Cruickshank, M.L.A., left on Monday to attend the session of the provincial parliament at Edmonton, which opens today. Mrs. Cruickshank accompanied him, intending to make a short visit at the capital.

The local Scots celebrated the anniversary of the "Immortal Bard" on Friday night. A very delicious supper was served. The chairman presiding at the concert was Mr. W. Hutchison. Toasts were proposed by Mr. Hutchison, Dr. Rose, Father Donovan, Revs. A. E. Larke and John Wood and J. Kerr. "The Haggs" were piped in with full ceremony by Piper Penman. Vocal solos were rendered by Miss Audrey Martin, Mrs. F. Gardner, Rev. A. E. Larke, J. Wood, A. Bain, R. Brown and J. Aitken. Miss Jenny Douglas danced the "Highland Fling," and Master Davey Hale rendered a violin solo. After the concert, Scottish dancing was indulged in to Scotch music till the early hours. The hall was filled to capacity.

Mrs. J. Penn entertained friends at her home at whist on Wednesday last. Prizes were awarded to: Mrs. D. Grant first, Mrs. E. Fisher second, Mrs. W. Fisher third, Mrs. L. Fisher consolation.

The skating rink was closed for several days last week, owing to the extremely cold weather.

The girls' hockey teams played their first game on Wednesday evening. A large number of spectators were present.

Masters Kenneth and Donald Thornton were hosts to a party at their home on Saturday night last. Whist was played and prizes were won by: girls' first, Helen Westrup; consolation, Helen Rose; boys' first, Bill Mackie; consolation, Sam Ironmonger. A delightful supper was served after the cards.

Mrs. R. Portier has been a visitor here with her parents, Mr. and Mrs. J. Atkinson.

An enjoyable time was had by the friends of Mrs. F. Willets at her home on Saturday evening. Whist was played and prizes were won by: Miss Irene Turner first, Miss Selton second, Mrs. J. Mackie third, and Mrs. R. Richards consolation.

The fortnightly bridge drive went off fairly successful on Wednesday last. Prizes were won by Miss M. Graeme and Mat Doherty.

Great preparations are being made by members of the bridge club for their Valentine dance to be held in the Union hall on February the 12th.

The advertisements bring you news of better things to have and easier ways to live.

### COWLEY HAPPENINGS

Another old timer passed away on Wednesday in the person of Mr. Rogers, at the ripe age of eighty-three. He had made his home with his nephew, Harry Rogers, for several years.

When hauling home a load of coal, Lem Smyth suffered a broken leg when thrown from his wagon, owing to a front wheel coming off. It was fortunate that the accident happened near Russell Smyth's place, and he received immediate attention, for the weather was extremely cold.

Dave Everts and Rudolph Tessem, of the Tennessee district, while driving home from Cowley on February 1st in a truck, slipped off the road on a grade and were trapped in the overturned cab. Tessem called for help for some time. The accident happened near the home of Fred Burgess, who, happening to go outside at 11 p.m., heard his cries and rendered assistance. Mr. Everts was seriously injured and is now in Calgary for treatment.

Another of Alberta's pioneers, in the person of William McWilliams, passed away at his home on Todd Creek on Saturday, following a lingering illness, at an advanced age. Around twenty years ago, Mr. McWilliams moved his family from Ontario, settling in the Todd Creek district, where he engaged in ranching up to the time death claimed him. The funeral, which was largely attended, took place from the United church on Monday afternoon to the Cowley cemetery, where interment took place.

Rev. Mr. Whitmore, of Pincher Creek, performing the last sad rites. The many floral offerings showed the high esteem in which the departed was held in the district. He was predeceased several years by his son Buell, who served overseas in the Great War. Besides a loving and devoted wife, he leaves to mourn his loss one married daughter in Ontario; Miss Nellie McWilliams, Cowley; Mrs. Less Tustian, Hoanar, E.C., and Douglas at home.

### BELLEVUE HAPPENINGS

The Bellevue Terriers defeated Blairmore Miners 4-3 on Friday evening.

The Bellevue C.W.L. held a whist drive and dance in the parish hall on Friday evening, which proved most enjoyable. Winners were: Mrs. Ed. McDonald first, Mrs. J. Pell second, Mrs. Steve Leason, gent's first; Mr. F. Wolstenholme, second. After a dainty supper, the gathering danced to music supplied by Miss Peggy Cole's orchestra.

Miss Ivy Johnson and Mr. R. T. Johnson were Calgary visitors last week.

Raymond Blake was slightly injured in the Bellevue-Blairmore hockey game.

Mr. and Mrs. F. Padgett entertained a number of friends Saturday night. Cards were enjoyed the early part of the evening, honors going to: Mrs. Hallworth, ladies' first; Mrs. J. Radford, second; Mr. J. Shevels, gent's first; Mr. Joe Shevels, second. After supper games were enjoyed by all.

Mr. Bartlett, of The Blairmore Enterprise, was a Bellevue visitor on Monday.

The many friends of Mr. Tony Cantalini will be pleased to learn that he is improving.

The Blairmore Columbus Club defeated Bellevue in a fast game of basketball on Tuesday night, 17 to 16.

A miscellaneous shower was given in honor of Mrs. Raymond Blake (nee Irene Wilson) on Wednesday evening last, at the home of Mrs. W. Kuentge, by the young ladies of Bellevue.

Bridge was enjoyed the early part of the evening, after which a dainty luncheon was served. Bridge honors were won by: Miss Georgina Chiaravano first, Miss Matkin second. Mrs. Blake was then called to receive a well filled basket of useful gifts.

After opening the parcels, Mrs. Blake, in well chosen words, thanked the visitors.

# Do You Believe It Is "Just As Good?"

When you ask for a certain brand of goods—a brand that you have seen advertised in your local and other newspapers—and you are told "here is something that is just as good"—Do you accept that statement or do you insist on what you asked for?

"The just as good" variety is usually an imitation of a successful line, prospering in the glow of the original's advertised popularity. It is seldom as good. Remember this: Goods of superior quality are always advertised. They are Right. Their manufacturer knows they are right and states his claims publicly in the press. The maker of advertised goods spends his good dollars to tell you that he stands behind his product and the stores that sell it. There is always something missing in the "just as good" substitute. That something is usually "quality." Refuse the "just as good" offering—

Ask For and **GET** Goods That Are **NATIONALLY ADVERTISED**

### CRANBROOK PAPER

QUOTE KELOWNA RUMORS  
—BORN IN ALBERTA

One aspect of the Kelowna, B.C., murder, for which Chief of Police Murdoch is held, is causing no little local interest and that is the identity of the dead girl, Marie Lalonde, otherwise known as Jean Knowlton and Genevieve Nolan. According to the Cranbrook, B.C., Courier, quoting Kelowna rumors, the girl was the daughter of Florence Lassandra, formerly of Blairmore, who with Picarella, was convicted of the murder of Const. Steve Lawson at Coleman, and later was hanged at Fort Saskatchewan for the crime.

The murdered girl, the Courier goes on to say, spent a good part of one summer in Cranbrook. Then she went away and returned in the fall, but on this latter trip stayed here only a few days. On her last trip she was driving a Buick sedan car, presumably her own. From all accounts her life has been one filled with thrills.

It is said that she was born about twenty-five years ago in a small prairie town north of Calgary and was christened Jean Knowlton. Later she moved with her father to Saskatoon. It was in Saskatoon that she received her schooling and there also lost her father in the flu epidemic of 1918-1919.

After the death of her father the family of three were thrown on their own resources. Jean obtained employment delivering newspapers. She worked on her newspaper route until 1920 when she left for Calgary where she took up hair dressing and began an extensive study of narcotic and detective work by correspondence. After spending a few months studying the theory she decided to get some "real experience." Obtaining a job in one of Calgary's "worst joints," as she stated herself, she learned the Chinese language.

Her information was largely responsible for the conviction of the Chinese proprietor on a narcotic charge. Then she married a doctor in Calgary. The union was happy until she chanced to discover that her husband was a drug addict. On learning her knowledge of his secret he attempted to take her life and later shot himself. The unhappy culmination of her marriage was the reason given by herself for extraordinary conduct towards men of her acquaintance. She often declared that she had never met a man since that she hadn't "gipped" at every possible opportunity.

After leaving Calgary she went to Vancouver and again took up her work along investigation lines. She left Vancouver for Cranbrook where she obtained work as housekeeper for a man named Johnson, whom she later married. Months ago he was planning divorce.

While in Cranbrook she was employed mostly as a waitress in a cafe and was much in the company of Bori Johnson, who was then conducting a tailoring establishment. Johnson is now in Sweden. While here she had no police record as far as can be learned. Johnson told fellow countrymen that he was not married to the woman.

From here she went to Nelson and worked in Pitzer's cafe. She also worked as a waitress in Trail and Rossland.

She returned to Cranbrook, but found "life too dangerous there," and again started west. Two weeks ago she returned to Rossland, and while there talked freely as to her work in Kelowna.

Before leaving she expressed her fear of returning to Kelowna and also intimated that her return there was purely "to get even" for the failure of the police to help her on several occasions.

She frankly stated that she was going to "sit up a skunk," by exposing details of a plan in connection with the police force and "air some previous encounters with Osborne on the Prairie."

It was during this visit that acquaintances got a glimpse of the other side of her nature. While on her way to the theatre one evening, noticing a hungry person on the corner, she turned and gave him the price of her admission to the show and went home.

Imports to Newfoundland from the United States for the ten months ending October 31st last amounted to approximately \$6,500,000, while imports to the States totalled about \$5,500,000.

Whatever you buy let the advertisements be your guide.

Here and There

Hockey sticks at the number of 574,414, valued at \$177,659, or an average of 30 cents apiece, were made in Canada in 1931. Tennis rackets in the same year numbered \$3,245 with a value of \$234,562.

The population of Canada, according to last year's census, is 10,252,778, an increase in 10 years of 1,565,829, or 17.82 per cent.

The largest provincial population is in Ontario with 3,426,483. Saskatchewan, Alberta and Manitoba rank third, fourth and fifth.

A new rose has been produced at the Canadian Government Central Experimental Farm, Ottawa, hardy enough to withstand the climate at Ottawa without protection. It is a pale pink, blooming until the middle of June.

Brigadier-General H. F. Macdonald, of Vancouver, officially opened the Banff Winter Carnival Toboggan Slide, December 25. The General, Mrs. Macdonald, and their small daughter Mary made the official opening mile-minute run down the slide.

The biggest moose of the 1931 season in New Brunswick, with an antler spread of 56 inches, fell to the gun of Andrew Porter, Philadelphia sportsman. There had been three moose shot this year in New Brunswick, prior to this trophy, with spreads of 54 inches.

Harassed officials of the Canadian Pacific Express Company at Vancouver played quizz recently to a mother and her family of 14 when "Panny," a red-eyed retriever, carried by the company from Nelson, B.C., became the mother of 14 puppies. Hurry-up calls were put through for the consignee, a Vancouver youth, who was overjoyed to find the unexpected parcel.

When Dr. Josef Wleisnast, surgeon of the U.S. Coast Guard, suffered an attack of appendicitis, his life was saved by the intervention of Dr. A. B. McIntyre, of Portland, Oregon, guest at the Banff Springs Hotel, now hunting an expedition to the Palliser River section of the Canadian Rockies, had a narrow escape. The Canadian doctor delayed his attack long enough for the doctor to clear his life and shoot it. His bar on the hunt was two antelope, four black bears, three goats, and two elk.

With a jammed rifle and a rearing grizzly, a few yards distant, Dr. L. B. McIntyre, of Portland, Oregon, guest at the Banff Springs Hotel, now hunting an expedition to the Palliser River section of the Canadian Rockies, had a narrow escape. The Canadian doctor delayed his attack long enough for the doctor to clear his life and shoot it. His bar on the hunt was two antelope, four black bears, three goats, and two elk.

## WORLD HAPPENINGS BRIEFLY TOLD

Imports of rice into Japan this season may total 30,000,000 bushels. British Columbia fruit growers intend to make sure B.C. fruit claims be considered in the arrangement for British preference.

The Province of Ontario's \$5,000,000 issue of three-year bonds was oversubscribed on the initial day of offering.

Capt. J. P. Saul, who crossed the Atlantic with Kingsford-Smith in 1930, is planning a flight to New York and back next May.

The Prince of Wales announces the establishment of a scholarship for Argentinian students at Oxford University.

H. G. Watkins, youthful leader of last year's Greenland exploration party, will head an Antarctic expedition in the fall.

James P. Moffat, son of Hon. R. J. Manion, Minister of Railways and Canals, has been appointed assistant Canadian Trade Commissioner at Tokyo.

The London Sunday Express said negotiations would soon be concluded for the opening of direct telephone connection between Great Britain and Canada via London and Halifax.

Dr. Wallington Koo, former Chinese Foreign Minister, will be his country's representative on the Manchuria commission of the League of Nations Council.

D. C. Harvey, Nova Scotia archivist, has uncovered a divorce dated May 15, 1750, between William Williams a British officer and his wife, and believes it to be the first on this continent.

The Port of Churchill will be open for commerce this summer, Hon. Dr. R. J. Manion, Minister of Railways and Canals, states. "We will be in a position to handle any commerce offered," the Minister added.

## Lower Construction Costs

Approximately Eleven Million Dollars Saved in Canada Last Year

Approximately \$11,000,000 was saved in Canada last year in the cost of construction of dwellings and other buildings, in 61 cities, by the reduced cost of materials, the department of trade and commerce reports in a statistical review. This amount represents roughly one-fifth of the reduction in the total value of building permits issued during the year as compared with 1930.

A report shows that the aggregate value of building permits in 61 cities last year was \$110,971,410, a reduction of \$55,000,000 from 1930. The index of prices of building materials dropped 20 per cent. during the year. Compared, however, with figures for 1929, the peak post-war inflation period, the cost of building materials has dropped by nearly 46 per cent. while the total value of permits issued was only down five per cent.

Detailed figures from 50 of the 61 cities show that permits were issued during the year for the construction of over 10,900 dwellings and 23,000 other buildings.

## Golden Wedding Anniversary

Prince Of Wales Sends Congratulations To Aged Comedian

The Prince of Wales was among many hundreds who sent congratulations recently to the genial old time comedian Charles Coburn and his wife, who celebrated their golden wedding anniversary in London, England.

Coburn, now nearly 80 years of age, reached the pinnacle of movie hall fame with the song "The Man Who Broke the Bank at Monte Carlo," although his earlier "Two Lovely Black Eyes" was almost as great a classic of its kind.

By Lydia E. Pinkham's Vegetable Compound

Afraid to leave house... feared awful dizziness would make her keel over. She needs Lydia E. Pinkham's Vegetable Compound in tablet form.

W. N. U. 1927

## Higher Taxation

Financial Institutions In Saskatchewan To Contribute Greater Share Of Revenue

Such Saskatchewan financial institutions as banks, trust, loan and mortgage companies, are going to contribute a greater share than they do now to the revenue of the province, it was officially learned.

From such sources, under the provisions of the Corporations Taxation Act, Saskatchewan now derives a revenue of slightly more than \$400,000, a large percentage coming from insurance companies.

In the effort to balance the budget by increasing revenues and reducing some forms of public services, the government proposes to make amendments to the Corporations Taxation Act with a view of bringing the revenue from that source to upwards of \$800,000, the banks to pay a fair share of the 100 per cent. increase.

## "Fool's Gold" Not Worthless

Pyrite Is Very Important Material For Commercial Use

Pyrite, which, owing to its yellow color, has so frequently been mistaken for gold as to earn the name of "fool's gold," actually is not the worthless material that the name implies, but has many important commercial uses. It is employed in the manufacture of sulphuric acid and sulphate wood pulp, and in smelters it is used as a fluxing agent to furnish iron for the slag. It also is used to some extent in radios and jewellery. The largest pyrite deposits are in Spain and Portugal.

## VARIETY IN JACKET-LIKE DRESSES IS UNENDING

Don't you love this model, so distinctly individual? It has the wrapped bodice closure, so youthfully slimming. And it combines the two smartest colours—black and vivid-red supple wool.

It's a charming dress to wear beneath the fur coat. It carries with it a little later, can be worn for early spring smartly without a topcoat.

You can also make it as a complete dress. Its delightfully lovely is a bright blue canton-fabric crepe.

Style No. 845 is designed for sizes 14, 16, 18, 20 years, 36, 38, 40 and 42 inches bust.

Wool jersey, velvet and many rayon novelties are also suitable.

Size 16 requires 2 1/2 yards 39-inch for blouse with 2 yards 39-inch for skirt.

Pair of pattern 25 cents in stamps or coin (cash is preferred). Wrap coin carefully.

## IT'S AN OLD SCOTCHMAN CUSTOM

"Why do ye sit up like that, father?"  
"Well, if ye're lucky, ye get things given tae ye, and it also rests the feet!"—The Passing Show, London, England.

## Recipes For This Week

(By Betty Barclay)

### ECONOMICAL CHICKEN SALAD

(Without Chicken)

- 2 cups cold meat, pork, diced.
- 1 1/2 cups celery, finely cut.
- 1/2 cup dill pickle, chopped.
- 1/2 teaspoon salt.
- 1/2 teaspoon paprika.
- Mayonnaise.
- Lettuce.

Combine pork, celery and pickle. Add seasonings and sufficient mayonnaise to moisten. Serve on crisp lettuce. Garnish with additional mayonnaise.

### MINIKEN JELLY ROLLS

(4 eggs)

- 1/2 cup special cake flour, sifted.
- 1/2 teaspoon baking powder.
- 1/2 teaspoon salt.
- 4 eggs.
- 1/2 cup sifted sugar.
- 1 teaspoon vanilla.
- 1 cup red currant jelly.

Sift flour once and measure. Combine baking powder, salt, and eggs in bowl. Place over smaller bowl of hot water and beat with rotary egg beater, adding sugar gradually until mixture becomes thick and light-colored. Remove bowl from over hot water. Fold in flour and vanilla. Pour into two pans, 15 x 10 inches, lined with greased paper, and bake in hot oven (400 degrees Fahrenheit) 10 minutes. Turn from pans at once onto cloth covered with confectioner's sugar. Remove paper. Quickly cut off crisp edges of cake, cut each cake into six pieces of equal size, spread with jelly and roll. Wrap in cloth and cool on rack. Before serving, decorate rolls with rosettes and borders of sweetened whipped cream forced through pastry tube. Makes 12 rolls.

## An Important Event

But First Railway Train To Cross Africa Did Not Thrill World

The first railway train to cross Africa from ocean to ocean, started July 1, this year, on its journey from Lobito Bay, to Beira, a distance of 2,948 miles. The event was a vastly important one, and the engineering achievement was worthy of note, but it was calmly accepted by the world. Yet when David Livingstone, the first white man to cross Africa, made the journey in two years, there was hardly anyone throughout all the world who didn't thrill to his grand adventure, and hardly a home where it was not a topic of burning interest.

## Women Granted Homesteads

Alberta women are steadily taking advantage of the new provincial ruling that women may now file on homesteads. A report issued by the Lands Department recently showed that in October out of a total of 368 homesteads filed upon in Alberta, 174 applications for these free lands were made by women.

"What are you doing there?"  
"The doctor recommended me sun baths, and so I have left the tub in the sun all day and now I am having my bath."—Pages, Gale, Yverdon.

## Exhaustive Tour

Cunard Line Has Arranged For Economical Tour-Of Ceylon and India

Public interest in India and Ceylon has become intensified in recent months, an interest which finds expression in an unusual, "Economic" tour of Ceylon and India just arranged for the Cunard Line in collaboration with the American Express Company. Following the price trends of the day, the cost will be kept down to a minimum. This is said to be the first time that such an exhaustive tour of India has become possible at popular prices.

The tour leaves New York on March 6th in the "Aquitania." The "Aquitania" will sail direct to the Mediterranean on what will be her second cruise this winter to those waters. The party call at Gibraltar, visiting the Fortifications, Trafalgar Cemetery, and other points of interest in the British Fortress. The following day a call at Algiers will enable the tour party to explore the city thoroughly and to see parts of Algeria. Crossing the Mediterranean again, the "Aquitania" will arrive at Nice on the 14th, two days will be spent along the Riviera, the party proceeding by motor coach to Marseilles.

Here the Ceylon and India party will embark on the s.s. Mongolia, 17,000-ton P. & O. liner, formerly carrying first and second class and now converted to accommodate only tourist class.

Colombo is reached on the 2nd of April and the most interesting parts of Ceylon will be visited during the three days spent there. The party then proceed on their Indian tour, arriving at Madras on the 8th and after visiting the city proceeding by express to Calcutta. After two days in the former Indian capital, the party proceed by mountain railway to Darjeeling, 7,500 feet high in the Himalayas. The usual trip will be made to view the sunrise over Mount Everest and the Himalayas. After returning to Calcutta the party leaves for Bombay, one of the world's oldest cities, thence to Agra where a visit will be made to the Taj Mahal, the Fort and the Palaces. There will also be a visit to the deserted city of Fatepur Sikri, returning via Akbar's Tomb at Sikri. Three days will be spent in Delhi, then returning to the coast of Bombay, visiting the colossal Caves of Elephanta and the Towers of Silence, strange burial places of the Parsees.

For the return journey the tour party will sail from Bombay on the new P. & O. liner "Strathaird," 22,000-ton gross, calling at Marseilles. London is reached on May 20th where the party disembark and go by boat-train to Southampton to connect with the liner "Mauretania," which sails back for New York on May 21st arriving in America on the 27th.

The recent political and social developments in India are expected to attract a large number of Americans and Canadians to this unusually exhaustive tour of Ceylon and India.

## Like Early Easter

This year Good Friday falls on the 26th of March, and Easter will be here on the 27th of March. Those farmers who think there is good fortune in store for the man who begins his seeding on Easter Monday may have a muddy or a snowy seeding this year. Even tobacco planters like to see an early Easter. To them it seems to mean quick retreat of the Frost King's treacherous forces.

Scotland is to have a country-wide temperance campaign in 1932.

Mary had a little lamb.  
What will you have?

## SUNDAY SCHOOL LESSON

FEBRUARY 7

### THE SLAVERY OF SIN

Golden Text: "Every one that committeth sin is the bond-servant of sin."—John 8:34.

Lesson: John 8:31-36.

Devotional Reading: Romans 8:1-10.

### Explanations and Comments

A Test Of Allegiance, verses 31, 32.—Jesus has been speaking of Him as the Light of the World and John records the fact that many then believed on Him. Next he tells that Jesus therefore spoke to "those Jews that had believed Him." "Believe on" implies surrender as well as intellectual assent. Having stated that some of the hearers "believed on" Jesus, John betrays himself in verse 31 that others had only "believed"—not "believed on." They had given a sort of assent, but had not really surrendered themselves to Him. Jesus tested when He said to them: "If ye abide in My Word," if ye surrender yourselves wholly to My guidance, and make My words the standard of your conduct, "then ye are truly My disciples." It was not enough, for those who were intellectually and morally free, though in bondage to sin, were more truly free than those who had not politically enslaved but were the bond-servants of sin.

"And ye shall know the truth, and the truth shall make you free." Those who were intellectually and morally free, though in bondage to sin, were more truly free than those who had not politically enslaved but were the bond-servants of sin.

"We know Abraham's seed," they answered, "and have never yet been in bondage to any man." The first words of the Discourse are a reference to their bondage in Egypt. The descendants of Abraham had been successively under the dominion of Egypt, Babylon, and Syria, and were at this time in subjection to Rome. The Roman legions were quartered in their holy city. Their indignant words were an empty boast by which they sought to declare themselves superior to the Romans to whom they were subject politically.

"Verily, verily (in solemn way of emphasizing the thought that follows) every one that committeth sin is the bond-servant of sin." The freedom of which he has spoken was freedom from sin, and he who habitually sins is enslaved.

"A man of freedom, verses 35, 36.—The slave might be sold or expelled from the house at the will of his master, but the politically enslaved man, who is the master of the house, where he continually abides. "If therefore the Son shall make you free, ye shall be free indeed."

## Manitoba's Grain Acreage

Estimate For This Year Shows Substantial Increase

With an increase of 1,016,550 acres compared to the previous year, the Manitoba acreage for grain in 1932 is estimated at 5,173,000 acres.

The increases are in summer fallow, 252,000 acres, and fall ploughing, 585,000, according to the provincial department of agriculture. According to the figures gathered, 62,000 acres were broken last year; there were 1,873,000 acres under summer fallow, and 3,236,000 acres of fall ploughing.

The man who said that prosperity was ahead is still quite right.

Birmingham, England, has 1,400 different industries.

Three million dog licenses are issued in Great Britain every year.

## Lose Fat

—and Feel Better for It!

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health? Get on the scales to-day and see how much you weigh—then get a bottle of Kruschen's Salts (salty water). Take one half teaspoonful every morning in a glass of hot water—reduce the food supply—eliminate fatty activities and when you have finished the first bottle weigh yourself again.

Now you can laugh at the people who spend money galore to lose a few pounds of fat—now you will know the pleasant way to lose unsightly fat, and you'll also know that the 6-vitalising salts of Kruschen (salty water) have to function properly—have presented you with glowing health.

After that you'll want to walk around and say to your friends—"One 75c bottle of Kruschen Salts is worth ten dollars of any fat person's money."

## Imports Of Butter Are Less

Shown By Bureau Of Statistics

Canada's imports of butter during the calendar year, 1931, were greatly reduced from the previous year, according to a report issued by the Dominion Bureau of Statistics. Last year's importations of 2,821,317 pounds had a value of \$832,531, while for the year 1930, the imports were 33,006,055 pounds, valued at \$12,393,662. For December the butter imports were almost negligible, amounting in value to only \$497, as against a value of \$28,781 for December, 1930. Of the former amount Australia exported to Canada only thirty dollars' worth. The total was divided mainly between the United States and the United Kingdom.

## A New Industry

Unemployed Men To Be Given Work In Manitoba Forests

Jackpine from Manitoba's forests is to be cut this winter for use as telephone and hydro poles and as square timber, thus giving the province a new industry and a number of unemployed men work. Announcement was made by Hon. W. R. Chubb, Minister of Public Works, that a contract for cutting jackpine in the Lac Du Bonnet district had been let.

Hitherto this wood had not been considered suitable for poles, but recent tests carried out at the suggestion of the Industrial Development Board of Manitoba are said to have proven its value.

## B.C. Coal Production

Coal production in British Columbia for all of 1931 was 1,098,731 tons, a slight decrease from 1,097,130 tons mined in 1930. It was stated at the legislative buildings, December output was 171,811 tons, compared to 177,204 tons in December of the previous year. Total decrease from the previous year was 158,899 tons, shared evenly as between nearly all districts.

The ancestral line of the cabbage is traced back to the cliff cabbage of Europe and Asia.

The nitrate region of Chile contains enough material to last 240 years.

## Milne's Meat Market

Jas. Milne, Prop. Phone 46 Blairmore, Alberta

Advertisements are your pocket-book editorials. They interpret the merchandise news.

Rubber! Did you find out whether or not Bill Johnson caught the mouse?

Mrs. George Wilson, of Fort William, Ontario, is a holiday guest here with her son, Mr. Sidney White, of the school staff.

James Manion, son of Hon. R. J. Manion, minister of railways, has been appointed assistant trade commissioner at Tokio, Japan.

Mrs. Mary Weber passed away this morning after about a year's illness. She is survived by her husband and a large family of grownup children.

The Colonel touring Europe on his leave of absence, did not forget the one he left behind. His son received a card from Sparta saying: "This is the cliff from which the Spartans used to throw their defective children. Wish you were here.—Dad."

There's something in the advertisements today to interest you. Read them.

The Blairmore Hardware Co. are now well established in their new premises, the Oliva block.

The numerous friends of Mr. Arthur Hadwell will be extremely interested to learn that he is progressing favorably at the local hospital.

Mr. May returned from Calgary on Monday, to complete assessments for the Municipality of Blairmore and Blairmore School District.

The Bellevue union has submitted the following slate of candidates for school board: Jack Dugdale, James Price and Bert Simonds.

We understand that "Jimmy" McVey, star forward of the Blairmore Barcats, who left recently for Nelson, has been offered a position at Luscar, Alberta. The Luscar hockey team, according to Andy Huatyskin, is doing beeg things this season.

## Local and General Items

Around six hundred miners are striking at Coleman, demanding more equal distribution of available work.

Mrs. "Teddy" Muts has returned to her home after an operation in the hospital at Vulcan.

It is perfectly all right for a woman to hang on to her youth, but not while he's at the steering wheel.

Lady in boudoir, ushering out her pet dog: "Peter, darling, you can come back just as soon as I finish dressing."

W. H. Chappell and R. W. H. Pinkney are in Calgary, attending the annual convention of the Alberta School Trustees' Association.

There's no truth in the rumor that local Scotchmen refused to attend the surrounding Burns' night celebrations because they could not secure free transportation.

A. Peressini and family desire to thank all who assisted at the recent fire which destroyed their barn, cows and poultry; also various friends for expressions of sympathy with them and assistance offered in many ways.

The marriage of Miss Phemia Fraser to Constable Bernard, of the A.P. Police, was solemnized by Rev. A. E. Larko at the United church parsonage, Coleman, on Friday night last.

In the opener of the intermediate playdowns at Macleod last night, Blairmore emerged winner by a score of six to two. The second game will be played at the Blairmore arena tomorrow (Friday) night. "Tony" was blamed for three of the six goals at Macleod.

People of this "mining district" of Alberta, who are being saddled with an unreasonable burden in the way of truck license, would be very interested to know just what license farmers are required to pay for similar trucks. They claim that Premier Bowles knows no such thing as class legislation (?)

The following item appearing in the Kimberley Courier anent the Kimberley-Nelson game of January the 23rd will be of interest: "McVey has changed the Nelson front line from a mediocre affair into a brilliant attacking division. Unfortunately, from Nelson's viewpoint, McVey is not eligible under the resident rule."

Mrs. W. T. Young and her daughter Gladys braved the storm and below zero weather last week and walked over the mountains from the McDonald ranch on the South Fork to Burmis, a distance of about eight miles, through deep snow and over an unbroken trail. They were to make the return journey yesterday and stated while here that they felt none the worse for their trying trip this way.

## TO THE RATEPAYERS

To The Ratepayers of the Town of Blairmore:

In offering myself as a candidate for the office of councillor of the Town of Blairmore for the next two years, I wish briefly to state the policy which I believe best in the interests of the Town at the present time.

Public works should be curtailed as far as possible, yet those in need of food or clothing should be given preference in any work undertaken. I am in favor of reducing taxes to the lowest possible, but not to an extent to be unable to provide food, clothing and shelter to those in need of the same.

Should you see fit to favor this policy, I solicit your support on election day, February 5th, next.

R. PERESSINI.

WHIST DRIVE, under auspices St. Luke's Vestry, in parish hall, February 9th, at 8 p.m. Grand drawing in connection.

A DANCE will be held under the auspices of the I.O.B.E., in the Odd-fellows' hall, Blairmore, on Saturday, February 13th. Arcadians' orchestra in attendance.

TEA AND SALE, under the auspices of the Hillcrest United church Ladies' Aid, will be held on Saturday, February 13th, in the Hillcrest United church, from 2 to 6 p.m.

A professor says the respect children used to have for their parents fifty years ago is not in evidence to day. Maybe it's because the old folks are so wild.

The regular meeting of Crows' Nest Chapter I.O.D.E., will be held at the home of Mrs. W. W. Scott on Monday, February 8th, at 7:30 p.m. All members are requested to attend.

Continued decline in sales by the Nova Scotia Liquor Commission prompted their decision to close the commission's bottling department and dispense with the services of twenty employees.

Two little urchins stood with their noses pressed against a barber shop window. "Gee, Mickey, look at that one!" said one, pointing to a barber wielding a singeing taper: "He's lookin' for 'em with a light!"

Canada's canned, evaporated and preserved fruit and vegetable industry in 1931 had a total value of \$43,093,752, according to reports. There are 311 plants engaged in preparing fruits and vegetables, with a capital investment of \$21,754,162.

At a meeting last night of representatives of Coleman, Hillcrest and Blairmore Boy Scout associations, Mr. J. W. Gresham was nominated for the post of district commissioner, the appointment of which is handled by headquarters at Edmonton. The district also includes the Bellevue Scouts, but they were not represented at the meeting.

Down at Blairmore a few Sunday hymn books in church picked up these words scribbled: "Not published or displayed by the Liquor Control Board or by the government of Alberta." This is on a par with the story told in England during the reign of the late King Edward. On a signboard in large letters the people were apprised of the fact that "The King Uses Coleman's Mustard," and some way wrote underneath: "God Save the King."—Cranbrook Courier.

A very successful tea and sale of home cooking was held on Saturday at the home of Mrs. F. M. Thompson, in aid of the local relief, the sum of \$42.20 being realized. The cushion, donated by Miss Picard to be drawn for, was won by Mrs. J. A. McDonald. Only those residing in the West end of the town were asked to contribute this time and we wish to acknowledge donations from the following: Mrs. Harper, Mrs. Fraser, Mrs. F. McKay, Mrs. Emery, Mrs. T. Hadwell, Mrs. J. Smith, Mrs. Miller, Mrs. McPherson, Mrs. Picard, Mrs. Blake, Mrs. McPhail, Mrs. F. M. Pinkney, Mrs. Greig, Mrs. Congdon, Mrs. Foote, Mrs. H. Pinkney, Mrs. Wilson, Mrs. Morgan, Mrs. Brunet, Mrs. Macalister, Mrs. Robert, Mrs. E. McDonald, Mrs. Oliver, Mrs. Maddison, Mrs. Bennett, Mrs. Farmer, Mrs. Rhynas, Mrs. Rudd, Mrs. Wolstenholme, Mrs. Hales, Mrs. Thompson, Miss Peake, Mrs. S. Kubik, Miss L. Harrison, Miss Smaek, Miss L. Fraser, Miss Jensen, Miss Picard and Mrs. Manson.
